Dear students,

This summer vacation let the waves hit your feel, and the sand be your seal. Summer vacation is always meant for fun, frolic and rejuvenation. However, it also means enhancing our skills, becoming more polished and productive at the same time. To ensure we are keeping ourselves creative and innovative, and not just intelligent, our team of teachers have created some mind-blowing activities for you to enjoy and learn from!

Please read through the instructions carefully before completing the tasks.

Wishing you a vacation full of tanning, memories and creative vigor!

Happy holidays!

You can decorate the A3 size sheet for better presentation.

BOOK BASED ACTIVITIES (Choose any one)

1. Be Creative!

Read the story in detail. Analyse pictures and character description given by the writer. Choose anyone character that you admire the most and transform the character from the story into a hand/ finger puppet/s. Read, observe and understand how the character looks, what he/she wears, what kind of hair he/ she has, what colour is their hair, if they are tall or short, fat or thin. Once the school reopens, you will narrate the story to the entire class with the help of this puppet.

2. Dress up and act!

Read the story carefully and I'm sure you will like a character. Understand their fashion, style and way of talking. What kind of clothes they wear, what shoes they usually wear, if they have any accessories, or what kind of actions they do. Observe everything and write it on a piece of paper. Once the school reopens, we will organise a Dress up Day when you need to dress up as your favourite character (the one you have researched on) and narrate a part of the story in front of the entire class.

Bonus: You can learn some of the famous dialogues of this character!
